SUBJECT: Report on the official visit

During the period from July 11th to 13th, 2019, Local Coordinating Team (LCT) meeting was organised at the Faculty of Biology in Belgrade. On the meeting we discussed and adopted draft versions of the reports on the level of PPM knowledge and skills as well as using modern technologies in teaching and learning at universities in Serbia and Albania. We adopted the Quality project plan and requested the timeline for future activities which refer to joint report of state of art in PC HEIs. Necessary measures and actions in modernisation of education were discussed and planned in accordance to modern European practice. We agreed to prepare all above mentioned reports until the following CMT meeting when they would be adopted. We analysed the performed activities in equipment purchasing.
